Design Chart

'Viva' SERIES

Illustrated is a V-77
Consult diagram for position of equator on other models.

Top Panel	1	2	3	4	5	6	7	8	
V-77 →	O								Approx Position of Equator
V-65 →	N								
V-56 →	M								
	L								
	K								
	J								
	I								
	H								← V-77
	G								← V-65 & V-56
	F								
	E								
	D								
	C								
	B								
	A								
	Nomex								

'V' Series envelopes incorporate 8 vertical gores, each starting with a Nomex base panel and built up with 13 to 15 nylon panels which are designated as alphabetic characters starting with 'A' just above the Nomex.

Not illustrated are the V-20, V-31 and V-42 models. Consult Cameron Balloons for further information. There is no extra charge for colour changes at the lines.
